**Presidents Report**

Sorry I cannot be there with you all. The herding committee has been hard at work developing a budget and plan for future events. All of the clubs taxes, licensing and registrations are up to date.

With the new club zoning (Thank you Kathryn)

We have held Licensed Regional Specialty Jan 2011 & Meet the Breeds Jan 2011 – (Thank you Michelle) at the Rose City Classic. These are 2 Major Activities to fulfill our requirements to hold future dog show.

We have the HT Test in Arlington, May Trial, August Trial, Summer Regional Specialty in July and a CGC Test in July. With the years schedule we meet and exceed our requirements.

I have a couple of things on the Agenda that I would like brought up in New Business to be further discussed and implemented at the meeting in May. Please take note as volunteers are needed.

Would the board members please contact me and let me know when we can get together for a board meeting in May or June.

Thanks everyone for your hard work and I will see you in Puyallup.

Regards

Patti Salladay

We'll be offering A & B course sheep and A course cows. Prizes will include homemade crate pads. This will be the last summer specialty at High Country Farms. The herding committee will begin deciding on another venue after the trial this summer.

Fundraising Ideas –

possibly having another fundraiser Fun Day herding instinct test in the fall.

Americas Family Pet Expo

Do we want to do a meet the Breeds booth? After discussion it was determined that we do not have enough people to volunteer to man the booth for the full event.

## **New Business**

### **Newsletter Editor**

This does not need to be elaborate. It would be nice to have someone send out and e-mail with club updates, event reminders and brags. There were no volunteers among those present. This was tabled for further consideration.

### **Membership Packet**

- I do not know if we still have one but I would like to see a couple of members get together and develop a membership packet to be sent out to all new members. After discussion this was tabled until the next meeting.
- A new data base set up for membership – Michelle P. is looking into keeping an online database for our members. This will roll out with the website redo that is planned for later this year.
